

LEADER'S GUIDE:

THE PURPOSE OF THE BIBLE

EXPLORING GOD'S AMAZING WORD#2

1. Begin the session with prayer. Ask God to be with you as you begin to study His Word together.
2. As part of the introduction, get a group to read Page 1 or you can share the section to the group participants
3. Turn over the page and start with 'Let's Listen' by playing the audio file entitled "The Purpose of the Bible" (20 mins) as well as encourage every group member to take notes in this section.

(Please take time to listen to the audio and get the fill-ins right prior to the study session.)

4. Begin group discussion by asking the questions under 'Let's Discuss' section. If time allows, it's good to cover all the questions given there (if not, the participants are encouraged to answer the questions in their own time). Allow each group member some time to answer and participate

(Try to get the discussion going and involve everyone in your Life Group to be a part of discussion)

5. Be sure to close in prayer. Invite the group participants to share prayer requests with the group and encourage them to pray for one another
